Feeder Breaker Chains and Flights

Feeder Breaker Chains and Flights

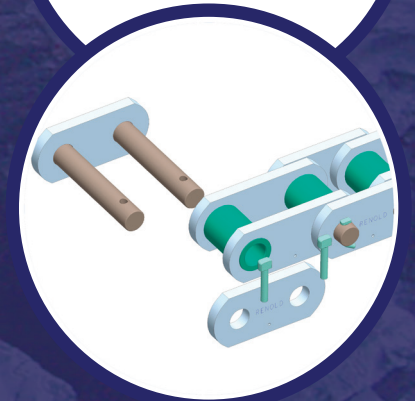

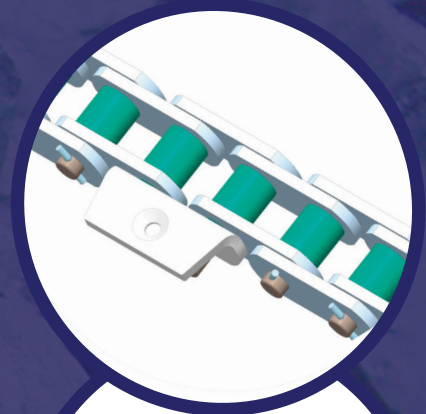

RENOLD
AUSTRALIA AND NZ
Manufacturing Chain for 150 years

Renold offers high performance, long lasting replacement chains that keep coal mines running at maximum capacity and uptime.

We manufacture a wide selection of heavy duty Feeder Breaker and Reclaimer chains that are direct replacements for OEM equipment.

Renold chains are built to perform and last - *once you drop them in, they're in it for the long haul.*

- *Ask us about Renoshield to prevent corrosion, reduce wear and increase chain life*
- *A wide selection of common sizes in stock*
- *Chain sizes include: 3-4", 3.5", 4.5", 5.5", 6.0"*
